Ihre Nachtricht (*): Cool website!

My name's Eric, and I just found your site - drachenfest-waldhessen.de - while surfing the net. You showed up at the top of the search results, so I checked you out. Looks like what you're doing is pretty cool.

But if you don't mind me asking - after someone like me stumbles across drachenfest-waldhessen.de, what usually happens?

Is your site generating leads for your business?

I'm guessing some, but I also bet you'd like more... studies show that 7 out of 10 who land on a site wind up leaving without a trace.

Not good.

Here's a thought - what if there was an easy way for every visitor to "raise their hand" to get a phone call from you INSTANTLY... the second they hit your site and said, "call me now."

You can -

Talk With Web Visitor is a software widget that works on your site, ready to capture any visitor's Name, Email address and Phone Number. It lets you know IMMEDIATELY - so that you can talk to that lead while they're literally looking over your site.

CLICK HERE <https://talkwithwebvisitors.com> to try out a Live Demo with Talk With Web Visitor now to see exactly how it works.

Time is money when it comes to connecting with leads - the difference between contacting someone within 5 minutes versus 30 minutes later can be huge - like 100 times better!

That's why we built out our new SMS Text With Lead feature... because once you've captured the visitor's phone number, you can automatically start a text message (SMS) conversation.

Think about the possibilities - even if you don't close a deal then and there, you can follow up with text messages for new offers, content links, even just "how you doing?" notes to build a relationship.

Wouldn't that be cool?

You could be converting up to 100X more leads today!
Eric

PS: Talk With Web Visitor offers a FREE 14 days trial – and it even includes International Long Distance Calling.
You have customers waiting to talk with you right now... don't keep them waiting.
